

**TRANSPORTATION AND COMMUNITY AND SYSTEM PRESERVATION PILOT
PROGRAM
TRANSPORTATION AND LAND USE PLANNING APPLICATIONS FORUM**

**OCTOBER 19, 2001
GAINESVILLE, FLORIDA**

The Gainesville, Florida Metropolitan Transportation Planning Organization (MTPO) is exploring ways to better quantify the relationships between transportation and land use through its successful FY 1999 Transportation and Community and System Preservation (TCSP) Pilot Program grant request, *Development and Application of Integrated Land Use and Transportation Sketch Planning Methods*. As part of its TCSP grant, the MTPO is hosting a day-long forum that will serve to disseminate findings from the Gainesville experience and other communities that employ innovative transportation and land use planning methods. The Forum is scheduled for October 19, 2001 in Gainesville and will feature speakers and panelists from across the nation, each bringing a different perspective on this important national issue.

Who Should Attend?

The focus of the Forum is on the dissemination and exchange of innovative ideas and concepts in transportation and land use sketch planning methods. Attendees are encouraged to not only hear what others are doing to shape our communities but also to share their own thoughts and receive feedback from peers. In that spirit, professionals from a wide range of disciplines and backgrounds should attend, including:

- Transportation planners and engineers
- Land use planners
- Architects
- Members of the academic community
- Travel demand modelers
- Consultants
- Government staff

Program Highlights

The program for the Forum will consist of two sessions. The morning session features presentations on different TCSP projects from across the nation that have each developed unique approaches to integrated transportation and land use planning. Among the grant recipient communities that will be represented include:

- Gainesville, Florida
- Willamette Valley, Oregon
- Charlottesville, Virginia
- Tempe, Arizona

The afternoon session will feature a panel discussion on the current state of the practice in transportation and land use planning. Panelists include representatives from:

- Federal Highway Administration (FHWA)
- Environmental Protection Agency (EPA)
- Association of Metropolitan Planning Organizations (AMPO)
